|                                                                                                                                                                                                                                                                                           | 6 T    | honey                             |
|                                                                                                                                                                                                                                                                                           | 2 t    | black pepper                      |
|                                                                                                                                                                                                                                                                                           | 2 T    | chicken Better-Than-Bouillon      |
| Place trivet in the Instant Pot. Add water and oil. Then add chicken, onions, potatoes, and carrots. Pour sauce over. Cook on high pressure for 10 minutes then allow natural release for 5 minutes. Simmer uncovered 5–8 minutes to achieve glossy reduction. Finish with salt to taste. | 3      | chopped yellow onions             |
|                                                                                                                                                                                                                                                                                           | 4      | cubed potatoes                    |
