

Banana muffins

5 April 2026

lipidless.com

Banana muffins with wheat bran. Yield: one tray of muffins (12 standard or 6 jumbo).

Steps

Preheat the oven to 375°F. Use a non-stick muffin pan or paper cups.

Add to a bowl and whisk thoroughly. Stir in walnuts.

1.5 c	all-purpose flour
1/2 c	wheat bran
2 t	baking powder
1 t	ground cinnamon
1/2 t	baking soda
1/4 t	salt
1/8 t	ground nutmeg (optional)
2/3 c	chopped walnuts (optional)

Whisk together in a large bowl until mixed (lumps of banana are fine). Add the flour mixture and mix with a few light strokes. Don't overmix; the batter should not be smooth.

1	egg
3/4 c	packed brown sugar
3	ripe bananas
6 T	vegetable oil
1 t	vanilla

Divide the batter among the muffin tin cups. Bake about 18 minutes. Let cool for 2 to 3 minutes, then remove to a rack to cool.

Notes

Substitutions Replace most or all of the vegetable oil with MCT oil, if desired.
